To those who did not make the top ten, we urge you to spend some time revising work and giving attention to your studies. Every learner should

strive for above 80%!!! After all, Education is your key to success and that is why you are at school.

It is up to every individual learner to take the opportunities presented and make the best of it.

Message for Junior Phase HOD:

Thank you for your input and contribution to our learner's education this term.

Kindly ensure that learners continue during the holidays with reading, practise sounds and word building. Do sums and constructive activities. Have a peaceful and safe Easter break. Recharge and rejuvenate, ready for term 2. God Bless.

Mrs. T. van der Merwe

Message from Intermediate Phase HOD:

We have come to the end of a very challenging term. Both learners and teachers have put their shoulders to the wheel; however there are learners who need that extra motivation to work much harder. Use this break to relax and enjoy a blessed Easter. Read and revise your work.

God bless.

Mrs. G. Abrahams

Message from Principal's Desk

The great men and women of history are remembered not because they never made mistakes or never failed, BUT, because they did not let their failures stop them. They kept on until they succeeded.

Stars may be born, but champions are made – and nearly always a long difficult process that few people care to go through. That is what makes them champions.

Therefore we should always do as much as we can, for as long as we can, and as often as we can.

May you experience abundant blessings during this Easter Season as we enter Holy week.

Yours faithfully

Mrs. A. Filiantris
Principal
